44 **THEREFORE BE IT RESOLVED** that the Washington State Democratic Central
45 Committee:

- 46
- 47 1. Castigate DSHS and OSPI for shifting the education costs for their clients off
48 the state budget and onto the local school district as an unfunded mandate,
49 and for ignoring the Interagency Agreement which called for "OSPI-DSHS
50 Special Program Agreement" or "Program Agreement" which would specify
51 services provided to children, coordinating duties and allocating resources
52 between the program and OSPI and/or LEAs (local school districts), and,
53
 - 54 2. Commend the Shoreline School Board and Superintendent for joining with
55 the other 11 school districts and 25 other friends of the court in court action to
56 fill the gap of more than \$100 million between what the state pays for special-
57 education services each year, and what those services cost districts, and
58
 - 59 3. Recommend that the Shoreline School District do not use local levy dollars,
60 which are designed to fund enrichment programs such as art and music, to
61 fill the funding shortage for the special education programs, and
62
 - 63 4. Recommend that the Shoreline School District continue to pursue safety net
64 funds and other DSHS funding such as that which would be available were
65 these students to reside in the vacant cottages at Fircrest.
