

Criminal Justice System

1
2
3 **THEREFORE BE IT RESOLVED** that the criminal-justice system is simplistic, costly,
4 and counter productive in its negative approach to educational, medical, racial, mental
5 and social issues facing American society. More resources and effort must be expended
6 on positive, early intervention programs for juveniles and adults, to address the above-
7 mentioned issues and reduce or eliminate the need for resolution in the criminal justice
8 system.
