

## Criminal Justice System

1  
2  
3 **THEREFORE BE IT RESOLVED** that the criminal-justice system is simplistic, costly,  
4 and counter productive in its negative approach to educational, medical, racial, mental  
5 and social issues facing American society. More resources and effort must be expended  
6 on positive, early intervention programs for juveniles and adults, to address the above-  
7 mentioned issues and reduce or eliminate the need for resolution in the criminal justice  
8 system.
