

## Moratorium on Fish Pens

1 **WHEREAS** the commercial and recreational salmon fishing activities are both  
2 providing economic benefits to Washington State;

3  
4 **WHEREAS** millions of dollars (federal, state, local and tribal) have been spent during  
5 the past decade on projects addressing the coastal and inland waters of the state in  
6 efforts to protect native salmon stock listed as threatened or endangered by the  
7 Endangered Species Act;

8  
9 **WHEREAS** hundreds of citizen volunteers have donated thousands of hours to  
10 restoration of native salmon runs, and tribes have invested millions in restoring and  
11 maintaining healthy salmon runs; and

12  
13 **WHEREAS** the Puget Sound Partnership and its Action Agenda and other regional  
14 plans were created to expand and enhance the restoration efforts;

15  
16 **WHEREAS** the task of the Puget Sound Partnership (PSP) is to “ensure” (as endorsed  
17 by former Governor Christine Gregoire in the preamble to the PSP) that the Sound will  
18 forever be a thriving, natural system with clean marine and fresh waters, healthy and  
19 abundant native species, natural shoreline and places for public enjoyment and vibrant  
20 economy that prospers in productive harmony with a healthy Puget Sound;

21  
22 **WHEREAS** WAC-173-26-201 (3)(E)(iii) requires that County's Shoreline Master  
23 Programs “shall achieve no net loss of ecological function and address the cumulative  
24 impacts on shoreline ecological function that would result from future shoreline  
25 development and uses that are reasonably foreseeable”;

26  
27 **WHEREAS** all the environmental challenges to aquaculture listed in NOAA's Draft  
28 Aquaculture Policy (Feb 2011), to wit “nutrient and chemical wastes, water use  
29 demands, aquatic animal diseases and invasive species, effects on protected and  
30 sensitive marine areas, potential competition and genetic effects on wild species, effect  
31 on endangered or protected species, effects upon habitat for other species, and use of  
32 forage fish for aquaculture feeds”, are all risks related to Atlantic Salmon Fish Farms;

33  
34 **WHEREAS** WAC173-26-201 (2)(f) states that SMPs “be designed to achieve overall  
35 improvements to ecological functions over time when compared to the status upon  
36 adoption”;

37  
38 **WHEREAS** WAC 173-26-201 (3)(f)(111)(c) states that shoreline ecological functions in  
39 marine waters include “removing excessive nutrients and toxic compounds”;

40 **WHEREAS** the indication of a highly contagious and lethal Infectious Salmon Anemia  
41 (ISA) virus has been discovered in juvenile Sockeye Smolt in British Columbia;

42 WSDCCRES - 568 - 120128 - PASS - AGR - Moratorium on Fish Pens Page 2 of 2

43 **WHEREAS** that virus, discovered in Canada, tested positive to the European strain of  
44 ISA and suggests there is a likelihood of it having originated from Atlantic Salmon Fish  
45 Farms;

46  
47 **WHEREAS** no country has gotten rid of the ISA virus once the virus arrives; and

48  
49 **WHEREAS** Washington State Environmental Policy Act of 1971 (SEPA) RCW Chapter  
50 43.21c states that: "Master Program shall indicate that, where required, mitigation shall  
51 be applied in the following sequence of steps in order of priority with (e)(i)(A) of this  
52 subsection being top priority - (A) avoiding the act altogether by not taking a certain  
53 action";

54  
55 **WHEREAS** the WSDCC Resolutions committee revisited Resolution 568 at its February  
56 1, 2014 meeting in Vancouver, WA;

57  
58 **THEREFORE BE IT RESOLVED** that the Washington State Democratic Central  
59 Committee, recognizing the significance and validity of the precautionary principle,  
60 submit this resolution and to urge the Governor to issue a moratorium on all new in-  
61 water fin fish net-pen aquaculture for Atlantic Salmon in the Coastal waters of  
62 Washington State until there is peer-reviewed evidence in place ensuring there is  
63 essentially no risk to native salmon runs.

64  
65  
66 Submitted by the Agriculture and Rural Caucus to the Washington State Democratic Central Committee  
67 for consideration at its January 28, 2012 meeting in Shelton. (Date Submitted 1/28/2012)

68  
69 The WSDCC Resolutions Committee "AMENDED THIS RESOLUTION AND  
70 RECOMMENDED A PASS" at its January 28, 2012 meeting in Shelton.

71  
72 The WSDCC "PASSED" this resolution at its January 28, 2012 meeting in Shelton.

73  
74 The WSDCC Resolutions Committee "AMENDED THIS RESOLUTION AND RECOMMENDED A  
75 PASS" at its February 1, 2014 meeting in Vancouver.

76  
77 The WSDCC "PASSED" this resolution at its February 1, 2014 meeting in Vancouver.
