Dear Chair Podlodowski,

I am submitting a written statement acknowledging that our campaign will take steps to encourage full participation in the Washington delegate selection process.

This is in line with the Washington State Democrats 2020 Delegate Selection Plan: Section VIII, Subsection E and the 2020 Democratic National Convention's Rules, Regulations, and Call.

- Our campaign will endeavour toward full participation in the Washington delegate selection process by encouraging and providing guidance to supporters to be delegate candidates, special effort will be placed on the participation of underrepresented populations.
 - This includes our intent to encourage Native American participation in both the primary and the delegate selection process through nation-to-nation and tribe-to-tribe outreach.
 - This includes our intent to encourage participation in both the primary and delegate selection process from underrepresented populations in rural communities.
 - This includes our intent to use digital tools to publicize the Washington delegate selection among all of our supporters statewide.
- Our campaign will submit requested demographic information for our pledged delegate and alternate candidates.
- Our campaign will endeavour to achieve gender balance in both our respective delegation and the Washington delegation as a whole.

- Our campaign shall use our best effort to meet the inclusion goals of the Washington State Democrats within the delegate, alternate, and standing committee delegations and at the district level.

Thank you for the honor of participating in this process. Feel free to contact my Deputy Campaign Manager Max Croes with any questions, concerns or needs: Max Croes, max@stevebullock.com, 406-823-0711, PO Box 1330, Helena, MT 59624.
